

Subject coverage and progression in Languages at Reepham Primary School.

At Reepham Primary School, the teaching of languages is integral to our ethos of understanding our world and becoming global citizens. We have international school links with Japan and France, and our pupils learn about the cultures of these countries through our 'whole school theme' approach. Teaching of Languages at Reepham Primary involves the introduction of Japanese in KS1, then the development of French in KS2 . We aim to use these languages as much as possible when working with our partner schools around the world.

We adopt the following purpose and aims of the National Curriculum for Languages.

Purpose of Study

A high-quality languages education should foster pupils' curiosity and deepen their understanding of the world. The teaching should enable pupils to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing. It should also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read literature in the original language. Language teaching should provide the foundation for learning further languages, equipping pupils to study and work in other countries.

Aims

The curriculum for languages aims to ensure that all pupils:

- understand and respond to spoken and written language from a variety of authentic sources
- speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation
- can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt
- discover and develop an appreciation of a range of media in the language studied.

Our curriculum will ensure children are taught to:

	EYFS & KS1 (Japanese)	Yr3 (French)	Yr4 (French)	Yr5 (French)	Yr6 (French)
